

## SECRETARY'S REPORT

As you all know our Regular February and March meetings were cancelled because of the Northeasters. On March 14th a special meeting was called with those present who could be contacted by phone.

The purpose of this meeting was to discuss plans for the rest of the Club year. Marschall told us about the Holywood Canteen phone patch net on 21.380 from 4:00 to 8:00 Pm.

Some time was spent on plans for Field Day. It was agreed that we would remain in Wellesley, perhaps on Maugus Hill. John Allen, Bob Dale, Rog Smith, Marschall Cannell, Hank Robinson, Dick Norley, and Lud signed up.

Lud reported the success of the Novice and General Courses. 13 are working on the Novice License, and 4 for their General. Dick Norley urged all members to look around for parts for the ART-13. The Club needs a receiver and transmitter. Rog Smith mentioned that the Coast Guard is giving away 100 foot towers.

The next item for discussion was the Club's Annual election of Officers. The Annual meeting will be held in May and the June meeting will be handled by next year's President. Members were encouraged to submit nominations for next years officers to Lud. John Allen will ask Hank Cross to speak at the June meeting.

Respectfully submitted

Walt. Lenk
